Dear Ms. Roache,

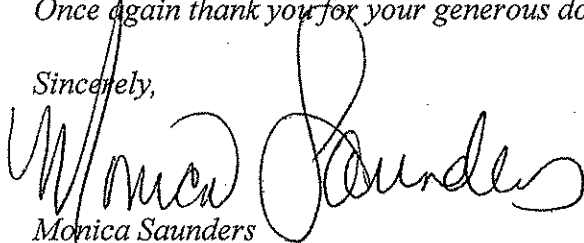

On behalf of Developing Options, I would like to thank you for your generous donation of 60 DELL desktop computers. Your contribution makes it possible for us to provide service to the population of over 100 students with homework assistance, resume help, job searching, our film, engineering, and acting academy, and various other services we provide to the community.

Since its inception in 2003, Developing Options has blossomed into an integral organization of the Crenshaw community. In 2010 we have assisted in reducing violence and assisting troubled youth. This is only possible because of thoughtful contributions from people like yourselves.

As you know, the cost of providing supplemental activities/assistance does not go away. We hope for your continued support in the future.

Once again thank you for your generous donation.

Sincerely,

*Monica Saunders
