Mrs. Jeanette Roache  
President/Executive Director  
Technology Training Foundation of America  
8825 Production Avenue  
San Diego, CA 92121

Dear Mrs. Roache and the TTFA Board of Directors,

Thank you for your generous donation of 60 computers. Our students are learning in a modern and challenging environment with the support of your donation.

We are using thirty-three computers in the Computer Lab where they are used by all upper grade classes on a rotating basis. They are supporting entire classes as well as before and after school tutorial programs. The remaining computers that we have placed in classrooms have allowed teachers to integrate the use of information technology seamlessly into their curriculum. Upper grade students are using the computers in the classroom to do research, complete projects, and develop their academic skills with programs such as SuccessMaker, Imagine Learning English, ACHIEVE 3000, and PowerPoint. This is critical to Olympic View's goal of preparing students for future careers in a variety of fields.

Your generosity and dedication to Olympic View students is making a direct impact on their education and 21<sup>st</sup> century skills. Thank you for your continued support.

Sincerely,

*Gloria U. McKearney*
